

## ASSESSING ACTIVE CITIZENSHIP PROJECTS AND MAKING RECOMMENDATIONS

**Instructions** The active citizenship projects you will be examining were all successful to greater or lesser degrees. Your task is to review the project description and determine if incorporating appropriate information communication technology (ICT) tools would have improved their operation and increased their chances for success.

As you review the active citizenship project you've been assigned, think about the project's organizational needs and what type of ICT tools could have been applied to improve its operation. Write your recommendations and an explanation of your thought process in the chart below.

**Example Name of Project:** Homeless in Our Town, raising awareness of the plight of people without homes. **Organizational Need Addressed:** Bringing awareness; **Type of ICT Tools:** Social media page and texting; **Why?** Establishing networks with friends and interested parties would help spread word about the problem.

<b>NAME OF PROJECT, BRIEF DESCRIPTION AND SOCIAL PROBLEM ADDRESSED</b>	
<b>WHAT DOES THE PROJECT NEED TO INCREASE ITS CHANCES FOR SUCCESS?</b>	
<b>WHAT TYPE OF ICT WOULD YOU IMPLEMENT INTO THIS PROJECT?</b>	
<b>WHY? HOW WOULD YOUR RECOMMENDATION HELP THE PROJECT?</b>	
<b>SUMMARIZE YOUR RECOMMENDATIONS (INCORPORATE ALL INFORMATION ABOVE. USE EXTRA PAPER IF NECESSARY.)</b>
